

We are getting anxious for the first tee to open. It won't be long; we are reminding everyone of our great discount membership prices. Memberships allow unlimited golf and also join in with the entire social and golf event happenings offered to members. New this year is two offerings. One to grow the game for younger golfers, and two to keep the aging player playing the game they love. Golfers 30 years old and younger can join for \$500, Seniors 70 and over play unlimited weekdays for only \$540. Membership has many advantages. Payment plans are available. Join before March 15th and you receive an early pay bonus of two guest passes for your friends. Check our web site for additional information about our facility, and to learn about our professional staff.
